NOTE TO:

STAT

FROM: DD/OCR

I have gone over this and did not see any sources and methods problems. (I doubt he knows anything in that area anyhow.)

I am, however, concerned about some statements that could interfere with the conduct of U.S. foreign policy, i.e., something the Soviets could throw back at us in an arms negotiating session as coming from a U.S. official in an official U.S. Government publication.

is looking at it now. Will let you know what he says.
